

Presenter	(#) Title	Date	Time (EST)	Session
Kathryn Wuertz	(PESAA10) Cerebrospinal fluid cellular inflammatory gene expression profile in people with acute HIV-1 infection	July 30	3:30 - 4:15p	Systemic immune activation and inflammation
Sean Cavanaugh	(PEMOB27) Persistent Low-Level Viremia in the Era of Dolutegravir in Four African Countries	August 1	3:30 - 4:15p	Adherence
Julie Ake+	What has COVID-19 changed in vaccine R&D and what remains to change for an HIV vaccine?	August 1	5:45 - 7:15p	What has COVID-19 changed in vaccine R&D and what remains to change for an HIV vaccine?
Neha Shah	(EPC134) Understanding County-level Variation in ART Coverage as Kenya Approaches Epidemic Control	on-demand		Monitoring and evaluation of health systems along the HIV cascade
Neha Shah	(EPB042) Identifying gaps in the tuberculosis care cascade in sub-Saharan Africa	on-demand		Tuberculosis: Prevention, diagnosis, treatment
Shida Shangguan	(EPA025) HLA-B*46 associates with rapid HIV disease progression in Asian cohorts and prominent differences in NK cell phenotypes	on-demand		Innate immunity (including NK cells)
Paul Adjei	(EPB259) Depression in People Living with Human Immunodeficiency Virus During the Coronavirus Disease 2019 Pandemic in 4 African Countries	on-demand		Impact of COVID-19 on HIV care
Dauglos Ogola	(EPC405) Optimizing HIV Case Finding through Screening and Testing Non-patients at Outpatient Department (OPD): A Pilot Case from Kombewa County Referral Hospital (KCRH) in Kisumu, Kenya	on-demand		HIV Testing to support identification of new cases of people living with HIV
Ajay Parikh	(EPE086) Cervical Pre-Cancer in Women with HIV in the Context of Highly Effective Antiretroviral Therapy	on-demand		Scaling up access to models of integrated services
Ornella Leukou Nzoutchoum	(1383) Effect of multi-month ARV dispensing on HIV clinic attendance at 68 Nigerian Army Reference Hospital Yaba, Lagos	on-demand		HIV Testing to support identification of new cases of people living with HIV
Christopher G Kemp	(EPB069) Cumulative Depression and All-Cause Mortality among Adults Living with HIV in Kenya, Tanzania, Uganda, and Nigeria	on-demand		Mental health (including depression and psychiatric manifestations) and HIV
Elizabeth Asiago Reddy	(EPE014) Preference for injectable PrEP among PrEP non-users in Western Kenya: results from a discrete choice experiment	on-demand		Implementation science of scaling up prevention (including PrEP)
Lauren Bailey	(PESUE20) The effect of multi-month dispensing of ART on viral load suppression rates in 18 PEPFAR-supported countries	July 31	3:30 - 4:15p	Differentiated service delivery for HIV testing, prevention and treatment
Danielle Fernandez	(EPC444) HIV mortality among adult PLHIV in PEPFAR-supported programs -12 countries, October 2019 - September 2021	on-demand		Effects of the COVID-19 on HIV epidemiology and prevention
Pam Bachanas	(PESAE08) High Rates of HIV Treatment Interruptions in PLHIV on ART Less than Three Months Across the Age Continuum	TBD	TBD	Implementation science of scaling up HIV treatment
Ha Truong*	(OAC0102) Progress in Scaling Up HIV Recent Infection Surveillance in 13 Countries: October 1, 2019-June 30, 2021	July 31	10:32 - 10:40a	Detecting and monitoring acute and recent HIV infections
Isaac Tsikhutsu	(EPB202) Higher virologic suppression in children on integrase inhibitors in Eastern Africa	on-demand		ARV management strategies in paediatric and adolescent populations
